Absolutely fantastic project up in the La Corona urbanization.

This 632m<sup>2</sup> new build project is being built on a 1.600m<sup>2</sup> plot and distributed over 3 floors.

Coming into the house on the first floor you will find two en suite bedrooms, a guest toilet, storage room, lift and stairs to go down to the main floor.

Arriving on the main floor we will find another three bedrooms of which one en suite and the other two with a bathroom to share. Another guest toilet, lift access, living - dining area as well as a fully equipped open kitchen.

Going down to the basement floor we will find a nice spacious seating/chill out area, a gym, laundry room, machine room and sauna. Both the seating/chill out area and the gym with direct access to the exterior and pool area.

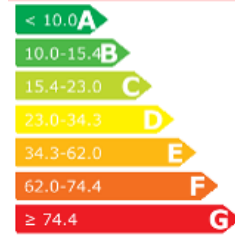

Furthermore, the villa has both ducted air conditioning and floor heating throughout and a domotic system according to the latest technology.

The exterior provides several spacious terraces where you can enjoy the sun and stunning panoramic views all year round, covered parking for two cars and a low maintenance garden with automatic irrigation system.

You got curious and would like to receive more information or visit the villa? Just give us a call or send us an e-mail!
